---------------------------------	-------------------------------------

### **KEY QUALIFICATIONS**

Helen holds a Masters degree in environmental Planning and management and a Bachelors degree in Education (Economics and Geography) from the University of Nairobi, with over fifteen years of working experience in the area of environmental planning and management. She has been involved in key participatory physical planning, environmental and training assignments / projects including the National land policy, Strategic Plan preparation; Kibera Urban Environmental and Sanitation Programme (KUESP); Community involvement in the Meru Conservation Area; preparation of the Kirinyaga Regional Development Plan; Habitat II, 1996; preparation of the Kenya National Environmental Action Plan (NEAP) and Guidelines for National Environmental Impact Assessment. At both the national and private level she has experience and working exposure with the informal settlements in Nairobi, Machakos and Nakuru counties, especially as a lead evaluator of ITDG's work with the urban poor in these counties. As a lecturer, Helen has trained and supervised research projects in the field of Urban and Regional Planning, and in Environmental Planning and Management. She is an active promoter of Participatory Action Learning both in local communities and sub counties; where she has also moderated HIV/AIDS sensitization seminars. She has been an active trainer in conflict resolution and consensus building for Chief Officers and MCAs. Helen is also a trainer for Volunteer Service Overseas (VSO) – the South Volunteer Programme, now called JITOLEE, that prepares volunteers for change before they are posted to various stations in the entire southern hemisphere. She also trains for United Nations Centre for Regional Development (The UNCRD/JICA/AICAD African development collaborative) and other organizations. These training programmes require that training manuals are prepared and updated
